By John V. Buerachi

Hon. Commissioner of Patents  
and Trademarks  
Washington, D.C. 20231

Sir:

As a below named inventor, I declare that:

1. My residence, post office address and citizenship are as stated below next to my name.
2. I believe that I am an original, first and joint inventor of the subject matter that is described and claimed in letters patent number 5,631,827, granted on May 20, 1997, and for which invention I solicit a reissue patent on the invention entitled **LOGISTICS SYSTEM FOR AUTOMATING**

TRANSPORTATION OF GOODS, the specification of which was filed on May 20, 1999, as reissue application number 09/315,680.

3. I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims.

4. I acknowledge the duty to disclose information that is material to the patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

5. I verily believe that our original Letters Patent No. 5,631,827 to be partially inoperative by reason of our claiming less literally than we had a right to claim literally and, in particular, by setting forth in the claims of the patent recitations unnecessary to define the invention from a literal reading in its broadest aspects.

6. This error listed above, which is being corrected, up to the time of the filing of this reissue declaration arose without any deceptive intention on the part of the applicant.

7. The undersigned declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
